

THE STEP BY STEP START GUIDE *InControl Touch Pro*

SIM CARD INSERTION

Insert the Micro SIM in the vehicle's SIM slot.

CONNECTIVITY SETTINGS

Use the vehicle touchscreen to turn on hotspot, mobile data and data roaming.

SIM SET-UP

Connect your device to the vehicle hotspot. Then on your device go to ubigi.me

ACCOUNT CREATION

Enter your details to create your account.

Your vehicle retailer may have completed the first 3 steps for you. In this case, only follow the account creation step below.

1 SIM CARD INSERTION

- Remove the SIM card from its packaging.
- Locate the SIM card reader in the vehicle's centre console stowage.
- Insert the SIM into the SIM slot.

When the SIM is correctly inserted, it should not stick out from the slot. Refer to the vehicle handbook if necessary to locate the SIM card reader and check the correct orientation of SIM card insertion.

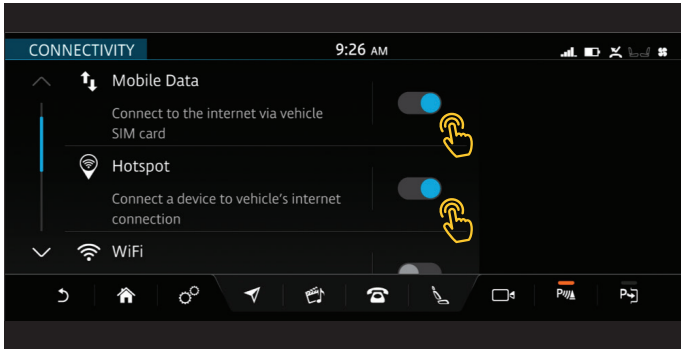

The SIM card provided will not work in any other device.

2 VEHICLE CONNECTIVITY SETTINGS

- Turn the ignition on.
- Touch the settings  icon on the task bar.
- Go to **All settings**, then **Connectivity**.

*(This is under **Features** in some models. **Connectivity** and **Mobile settings** menus may vary between vehicle models. Refer to your vehicle handbook if needed.)*

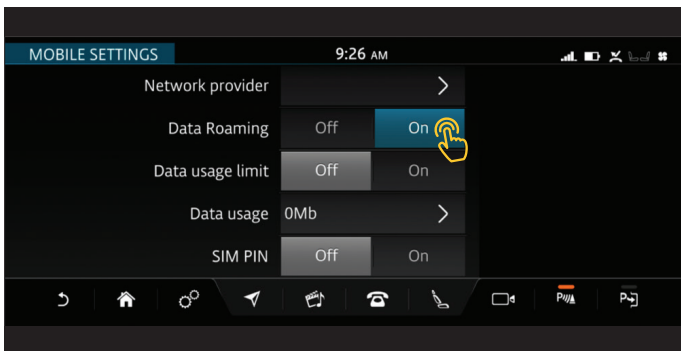

- Ensure your vehicle's connectivity settings are as follows:

Mobile Data: **On** *(Accept the T&C's pop up.)*

Hotspot: **On**.

Wi-Fi: **Off**.

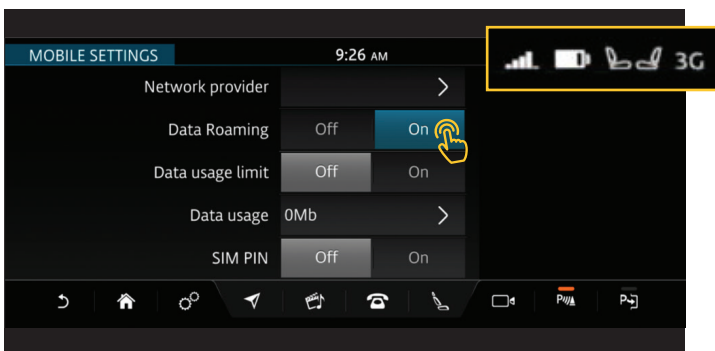

- Click **Mobile settings** (or **Mobile data**) and set data roaming **On**.

If a pop up appears asking to disable roaming, select **No**.

(Data Roaming enables the correct SIM operation. You will not be charged any roaming fees within the EU.)

3 FINAL SIM SET-UP

- Wait for the network symbol  or **3G/4G** to appear at the top of the touchscreen. The dots symbol  indicates the SIM is currently connecting, the first connection to the mobile network may take up to 2 minutes.

- Connect to the vehicle's Wi-Fi hotspot using a mobile device (*i.e. smartphone or tablet*).

> In the Wi-Fi menu of the device select the vehicle's hotspot and enter the password.

(You can find the vehicle's hotspot name and password on the touchscreen's Wi-Fi or Hotspot setting. Refer to your vehicle handbook if needed.)

- Visit ubigi.me on your mobile device where you will be directed to a SIM connection page.
- The set-up is complete when a ✓ is displayed in the browser window.

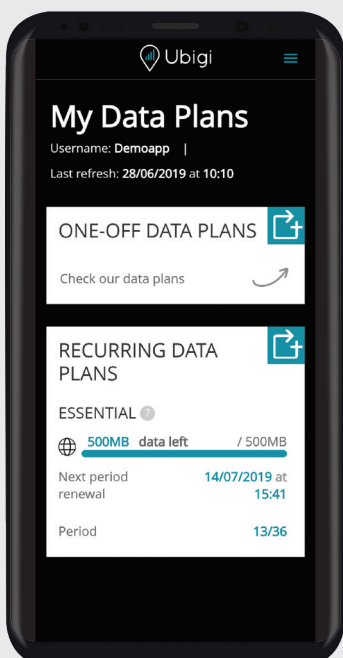

4 ACCOUNT CREATION

- Ensure your mobile device is connected to the vehicle's Wi-Fi hotspot.

(You can find the vehicle's hotspot name and password on the touchscreen's Wi-Fi or Hotspot setting. Refer to your vehicle handbook if needed.)

- Open the Ubigi app or visit ubigi.me
- In the portal, enter your details along with your preferred username and password.
- After entering all the required information, tap **CREATE ACCOUNT**.

MANAGE YOUR ACCOUNT

To easily manage your Ubigi account, download the application by searching the App Store or Google play, or by scanning the QR codes below:
